Learning with Parents

Welcome to Learning with Parents!

Our Vision

We are a charity working to ensure every child is supported at home to fulfil their academic potential

Mission

To motivate and empower families to have enjoyable learning experiences together.

How we do this

Through our website we provide parents with videos, games and activities, chosen by their child's teacher.

How it works

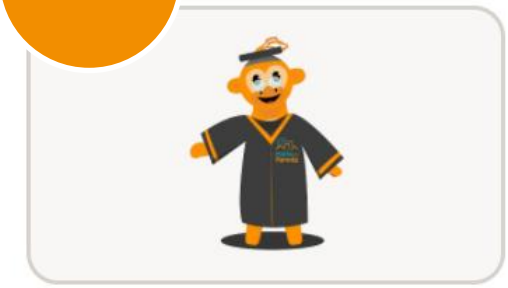
1

There is a 2minute video for you to watch with your child for every topic

2

Activities are to help you **explore** learning together.

3



There are not right and wrong answers so write a comment so the teacher knows how it went.

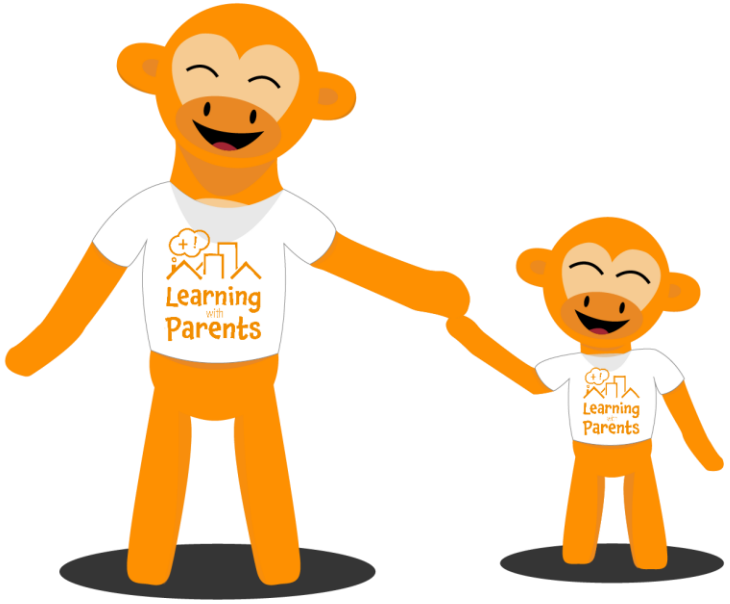
They love to see photos too!

Signing up

To sign up for the first time you need:

1. Your **class code** (this may be on a letter from the school)

2. Your email address



New Parents

Visit
explore.learningwithparents.com/login

Click on ‘Create Account’

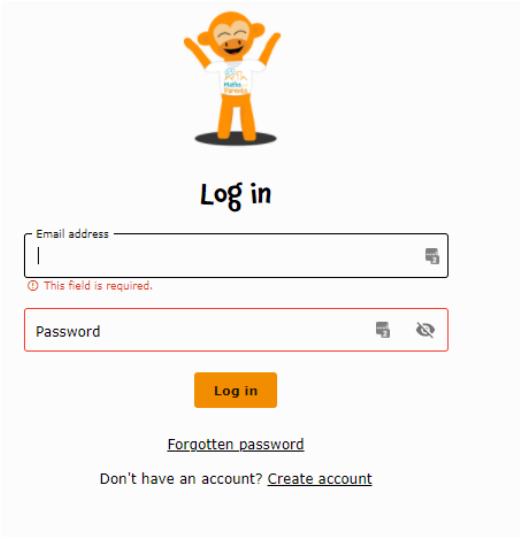
Enter details and create password

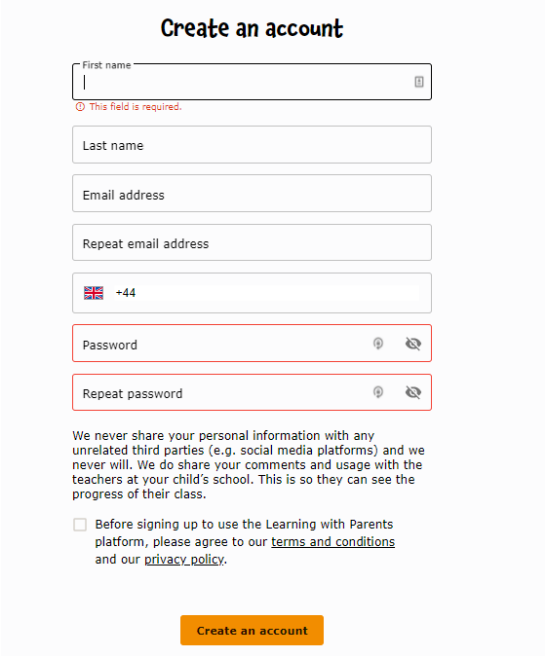
Click ‘Create an account’

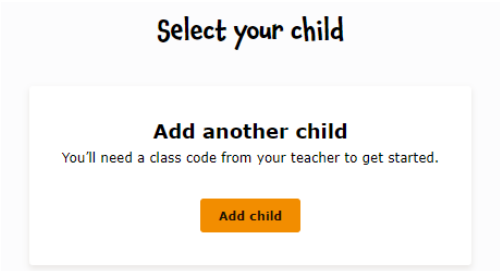
Then login!

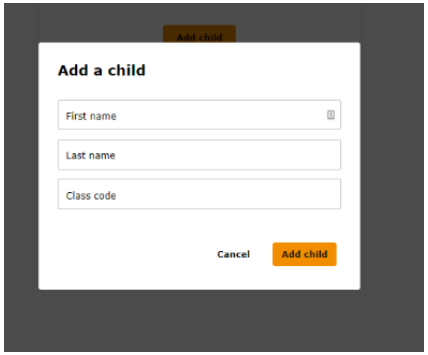
Click ‘Add chid’ and enter your child’s name and their 6-digit class code

Once registered, you will not need this again!







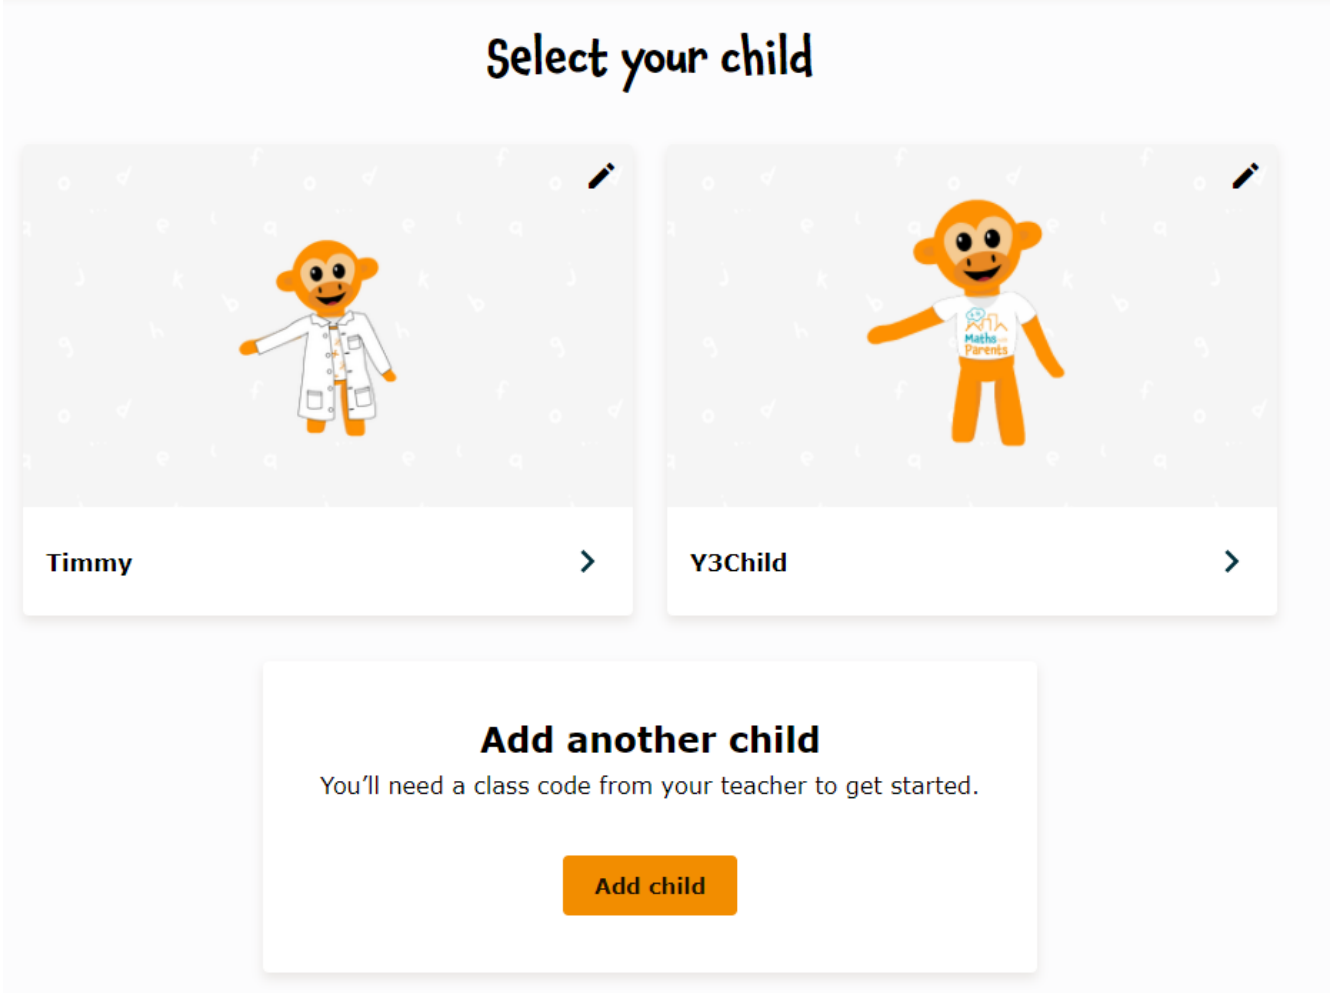


Using Learning with Parents

Step 1

Login and select your child.

Here you can also add other children at the school using Learning with Parents.

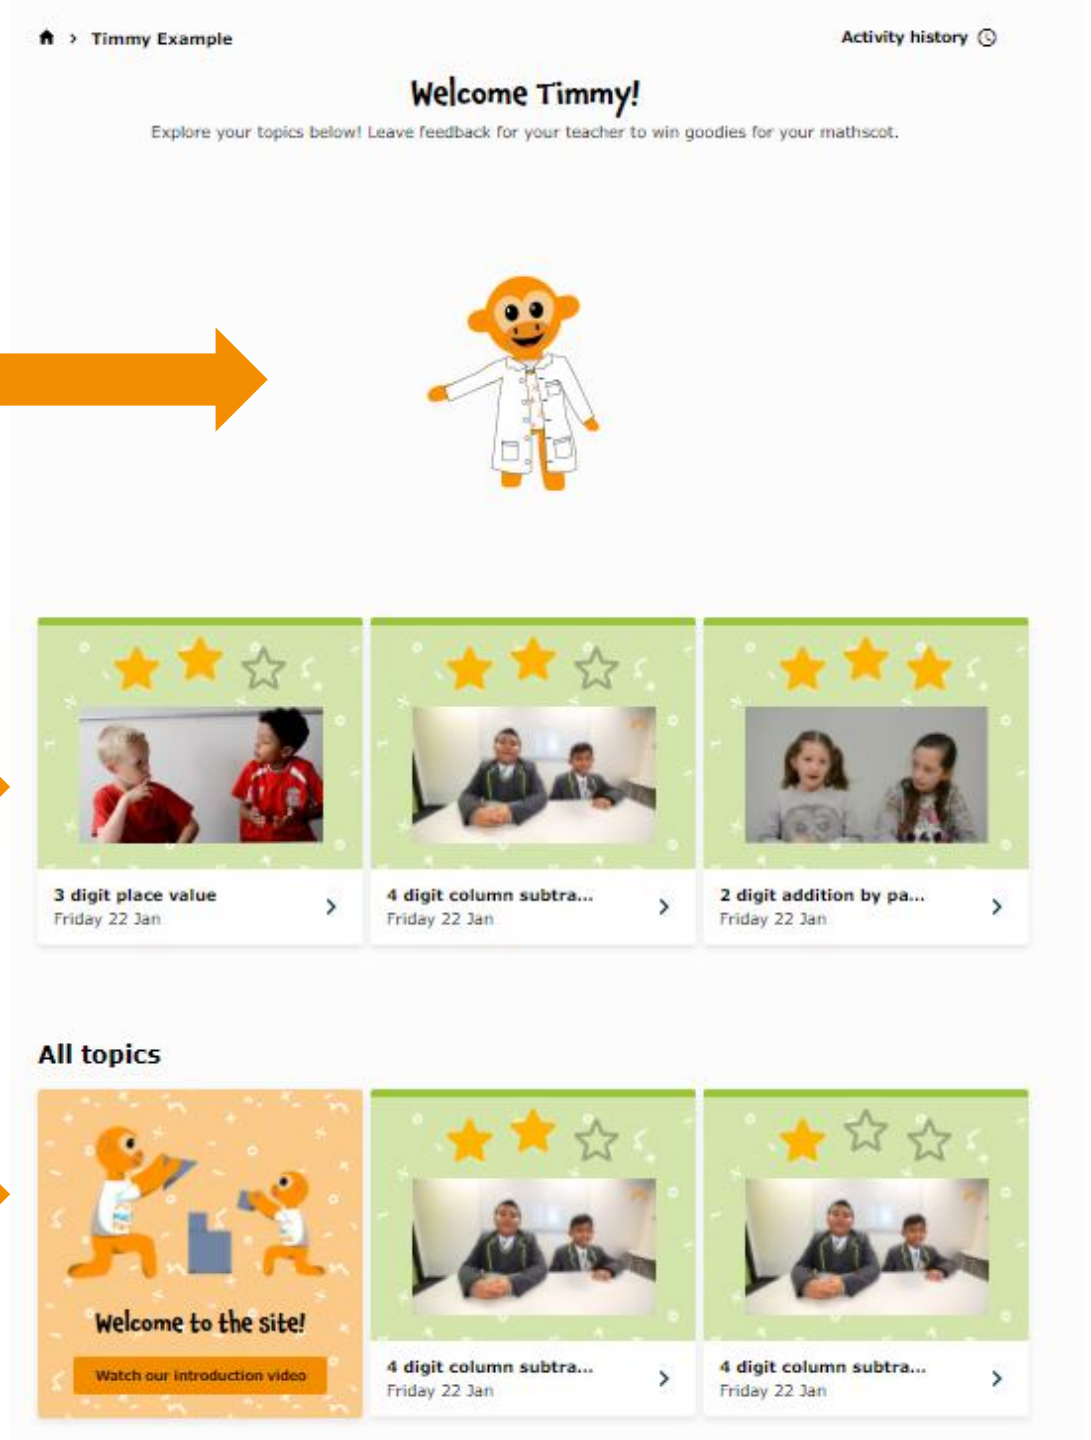


Step 2

Here’s your Mathscot you will dress up throughout the programme.

These are your most recent topics set by the teacher. Click on one to get started!

All your previous topics will be kept here so you can go back to play your favourites again and again.



Step 3

Click to watch the video with your child.

This shows the methods taught in school to help you play the games together.

Choose which activity to play first!

You will get a star once you have completed the activity and left a comment or photo

Step 4

Leave a comment to let the teacher know how it went.

You can upload a photo too!

Family comment

What did Timmy enjoy or do well in this activity?

e.g. "It was fun using objects from around the house to do maths"

Timmy's comment

What did you find easy or hard? Let your teacher know!

e.g. "I enjoyed beating my sister at this game!"

Upload a photo

Do you want to upload a photo of you and Timmy playing this activity together?

Upload a photo

Challenges

Complete all the activities in a term to get one of our online badges!

What next?

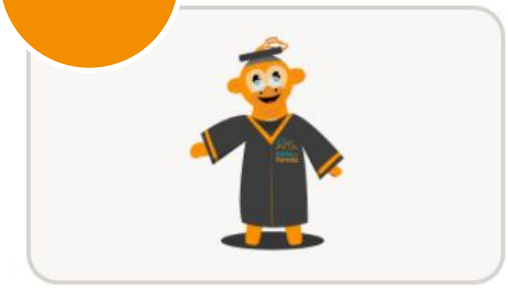
1

There is a 2minute video for you to watch with your child for every topic

2

Activities are to help you **explore** learning together.

3



There are not right and wrong answers so write a comment so the teacher knows how it went.

They love to see photos too!
